

Audi Hamilton Island Race Week

The Elizabeth E II will act as mothership to a brand new cruising yacht, the Ceres, at the 2008 Audi Hamilton Island Race Week.

Book early for this one! Up to 26 lucky people will experience a week to remember aboard the EEII, staying overnight aboard the vessel and waking up to race during the day on the Ceres – what a thrill!

Audi Hamilton Island Race Week, now in its 25th year, represents the culmination of the 2008 Audi Sailing Sport season, and this year organisers hope to see more than 230 boats competing at a very high level.

Competing in the Cruising class, the Ceres' longest race will be approximately 23 miles, with two lay days and never more than one race per day, meaning you get lots of time to relax and enjoy the beauty of the Whitsunday Islands.

The Ceres is the newest addition to the Coral Sea Charter Company family. The beautiful and exclusive Ceres, a luxurious 42' Jeanneau deck saloon, has all of the touches expected of a 5-star experience and is a perfect match for mothership Elizabeth E II, with its luxurious air-conditioned and ensuited cabins.

When you are not racing, there will be a range of experiences to enjoy aboard the EEII, from snorkeling to scuba diving, fishing and relaxing.

WHERE: Hamilton Island

WHEN: Depart Mackay 22 August 2008, arrive back in Mackay 30 August 2008.

HOW MANY: 16-28 guests, in one group booking or as individual berths.

COST:
Please contact us with your group or individual booking for a quote.

"We can't wait to get aboard the Ceres and race at Audi Hamilton Island Race Week. We are thrilled that we can combine one of the only 5-star sailing yachts in Queensland with the tradition and luxury of the Elizabeth E II. It will surely produce one of the most unique and fun adventures experienced."
Gerard Batt, Director, Coral Sea Charter Company.
